Annotations:

- If you would like to set up "levels" (sets of resources increasing in difficulty), you can select up to 5 levels (optional)
- Upload your own completion badge (optional)
- Choose your type of pathway (individual, priority supplier, public)
- If your LP contains "levels" you can select which level needs to be completed before the users can proceed (optional)
- Select a due date (optional)

The screenshot displays the 'Manage learning paths' section of the SCHOL website. At the top, the navigation bar includes the SCHOL logo, a menu with 'Home', 'About', 'Learn', 'Markets', 'Topics', 'Partners', and 'Contact', and user options for 'EVENTS', 'HILARY', and 'LOG OUT'. The main content area features a 'Manage learning paths' heading, a filter menu (All, #, A-S), a search bar, and a table with columns for 'Learning path name', 'Type', and 'Level'. A single entry, 'School Learning Path 1', is listed. Below the table is a 'CREATE LEARNING PATH' button. A green box highlights the 'Report' and 'Manage' actions for the listed path. Callout boxes provide the following descriptions:

- Report (top):** Downloads an excel report of which users have completed which resources and when
- Report (bottom):** Choose resources and completion routes
- Manage:** Assign users (individual / colleague pathway only)
- Trash icon:** Deletes the LP
- Gear icon:** Edits the general information (e.g., name, badge, due date, auto-email text)

The screenshot displays the 'Edit learning path' interface for 'School Learning Path 1'. The page header includes the SCHOL logo and navigation links. The main content area is divided into sections for editing the path name, adding resources, and configuring path completion. Two resources are currently selected and displayed as blue tags with close icons. A search field is provided for finding additional resources. The 'Path completion' section includes a dropdown menu set to 'Path complete when ALL are met', a progress bar, and radio buttons for 'Select all' and 'Deselect all'. The two selected resources are checked with green checkmarks. At the bottom, there are 'SAVE CHANGES' and 'CANCEL' buttons.

Simply type a keyword or resource title in the search field and the system will auto-filter for you. You can select unlimited resources.

Admins may want users to complete ALL or SOME of the resources. You can choose which resources are mandatory, and which are optional, or select the minimum number of resources a user must complete to be awarded the badge.
